Selectmen's Report.

The selectmen would submit the following report:—
The last bond has been paid also all outstanding orders except the U. S. Surplus fund. We were obliged to fix the bank of the Creek near the Billings bridge to prevent same from washing away the road. This was a large expense but we think it is fixed now so as to prevent further trouble. We have also paid expense of trial of Stockwell case. The bridges are in good repair and we know of no extra expense for the coming year. Following are some of the items making up the expenses, also list of all orders drawn:—

Road Commissioner's Report.

This year has been an exceptionally bad one for taking care of roads, on account of there being so much rain in the summer months causing a good many washouts. Beside many culverts to be repaired and built over new I did considerable graveling, estimated at about one thousand loads, and I think the roads are in fairly good condition. We did work the state money in, as the City of Rutland got so late with their own work they could not work ours; so I sent in a report of other permanent work done. We got the money and it is in the treasury now.

School Commissioners.

The School Commissioners have drawn orders to the amount of \$2744.57; of this amount \$75.00 has been for repairs in district 16 and district 4; the balance for ordinary expenses during the year. The schoolhouse in district 15 burned and the insurance has been paid into the treasury. Some arrangement will have to be made for pupils in that district.

We estimate that the expenses for the coming year will be about the same as those of last year. As there is quite an amount of money in the school fund now, we would recommend a tax of 20 cents on a dollar of the grand list.

Below is a list of the orders and amounts.

If there are no expenses to be provided for, we think 30 cents on the dollar will pay general expenses; and we would recommend 30 cents on the dollar for general tax, 20 cents on the dollar for highways, and 20 cents on the dollar for schools, making 70 cents for all taxes. We are glad to report that our town is out of debt.

School Supt's Report.

Eight schools have been maintained in the Town of Rutland during the past year. School in the Pinney District was re-established, and that of former District No. 5 closed, the few pupils of the latter being sent to Hayti during the Spring and Fall terms. Early in the winter the school building of Hayti was destroyed by fire; then it was necessary to open school again in District No. 5; but we regret to state that the pupils from Hayti district failed to attend the winter term.

In the eight schools there are about 175 pupils—the average attendance being about 165. We are pleased to state that the schools have been better supplied with text-

books and necessary articles for school use than in previous years; and some repairs have been made on the various school buildings, which have been appreciated both by pupils and teachers.

The teachers at the Center, at Mill Village and at Hayti, are the same as during the previous year. In the South district, Miss Denno, of Castleton, succeeded Miss Harrison; in the North district, Miss Hart of Pittsford, succeeded Miss Perry; in the Pinney district, Miss Schofield taught the Spring term, and Miss Edith Jones taught the Fall and Winter terms.

We would be glad to see greater interest taken in our schools, and I believe that this might be if parents would visit the schools and become acquainted with the teachers and their work.

MRS. G. A. DAVIS, Supt.
